Binary Star Development Corporation

Nucleus Technology™ License Renewal and support:

There are two separate components of the BSDC maintenance and support package.
Nucleus Annual License Renewal (which is mandatory), and Nucleus Customer Upgrade and Support

Nucleus Annual License Renewal:			
Description	Group I	Group II	Group III
Authorizes and Enables the continuing use of Nucleus in a development or run-time environment for each individual user. License Renewal fees are payable yearly for each individually licensed system, on or before the implementation anniversary. Nucleus Annual License Renewal is MANDATORY. Price is calculated at 9% of published <u>per user</u> license cost. Annual license registration fee includes user-installed Nucleus licensing authorizations, documentation updates and patch sets. <ul style="list-style-type: none"> • Patch-set assistance is available on a T&M basis from BSDC. • Shipping and preparation fees are not included. 	\$29.25	\$33.75	\$11.25
Annual renewal of the software development kit is mandatory	\$413.10	\$899.10	\$225.00

Nucleus Customer Upgrade and Support:			
Customer support provides access to Nucleus upgrades and certified technicians to assist in resolving Nucleus related issues. Support contracts require that development staff members receive Nucleus training and understand the concepts of Nucleus application development in order to develop and support applications.
