This license does not include the right to training, updates, upgrades, or other enhancements. This license does apply to any update, upgrade or other enhancement provided by BSDC their dealers or distributors. BSDC reserves the right to require an additional license and fee for use of the software on a) additional production machines, b) hot-backup machines, or c) additional development, QC or test machines.

2. **Title and Restrictions:** Licensee acknowledges the valuable proprietary information and trade secrets contained in the Programs and accompanying documentation. NO title to the intellectual property in the Programs, including but not limited to patents, copyrights and trademarks is transferred to Licensee. UNLESS AGREED TO IN ADVANCE, IN WRITING BY BSDC, LICENSEE SHALL NOT ASSIGN, RENT, LEASE, LOAN, LICENSE, TRANSFER, OR DISTRIBUTE THE PROGRAMS OR ANY PORTION THEREOF TO ANY THIRD PARTY, AND LICENSEE SHALL NOT USE THE PROGRAMS FOR ANY PURPOSE OTHER THAN GRANTED BY THIS LICENSE.

If Licensee desires to sell or transfer the license to a third party, Licensee shall notify BSDC in writing and may not transfer the programs to the purchaser without the prior written agreement of BSDC which may be granted only if the purchaser shall have agreed in writing: (i) To the provisions of a new license agreement for the Programs, and (ii) Payment of all license fees or other amounts indicated in such license agreement and such additional fees required.

Licensee shall NOT copy, reproduce or make data transmissions, in whole or in part of the Programs, or related documentation without the prior written consent of BSDC, except as is reasonably necessary for archival purposes in support of the System. Copyright notice and any other proprietary notices shall appear - end of page 1 -

on all copies created by Licensee. Licensee shall NOT remove, alter or conceal any proprietary notice or logo. Licensee shall NOT modify, translate, reverse engineer, disassemble or decompile the Programs, in whole or in part using any method now known or discovered in the future. In the event that Licensee desires to relocate the System, Licensee shall obtain the written consent of BSDC, which will not be unreasonably withheld. Licensee may NOT EXPORT THIS SOFTWARE OUTSIDE OF THE United States of America, without the express written permission of BSDC.

3. **Confidentiality:** Licensee acknowledges that irreparable injury and damage will result from disclosure to third parties, or utilization for purposes other than those connected with this License Agreement, of the Programs, and related documentation, or any portion thereof, whether disclosed electronically, in writing, orally or in any other form, (the "Confidential Information").

(a) Licensee agrees:

(i) to hold the Confidential Information in strict confidence;

(ii) not disclose such Confidential Information to any third party except as specifically authorized herein or as specifically authorized by BSDC in writing;

(iii) to use all reasonable precautions, consistent with the Licensee's treatment of its own confidential information of a similar nature, to prevent the unauthorized disclosure of the Confidential Information, including, without limitation, protection of documents and electronic media from theft and unauthorized access, unauthorized duplication and discovery of contents, and restrictions on access by other persons to such Confidential Information;

(iv) not to use any Confidential Information for any purpose other than for purposes in connection with this License Agreement; and

(v) to report to BSDC any violation of these covenants.

1.1 (b) The obligations of Licensee under this Section shall survive the termination of this License and will remain in effect for 6 (six) years after the date of the last disclosure of Confidential Information hereunder, at which time the obligations under this Section will terminate. The Customer is specifically prohibited from disclosing Source Code of the Programs, which is the exclusive intellectual property of BSDC. This explicit restriction on source code disclosure shall remain in effect forever

(c) If requested by BSDC, Licensee, including all individuals who will have access to the software, and the trade secrets of BSDC shall execute a Non-Disclosure Agreement whose provisions are agreed to by BSDC and the Licensee. If a separate Non-Disclosure Agreement between BSDC and Licensee is executed, the provisions of the Non-Disclosure Agreement shall be incorporated by reference herein and the provisions of the Non-Disclosure Agreement shall govern in the event any provisions between this Agreement and the Non-Disclosure Agreement are inconsistent.

4. **Third Party Software:** Licensee acknowledges that the Programs may include software owned by third parties that licensed the software to BSDC for sub-licensing and marketing. The third party licensor's are intended beneficiaries of this agreement and can directly enforce its terms against Licensee. The limitations of warranty and liability apply to any third party.

5. **Limited Warranty:** BSDC warrants that BSDC has the right to license the Programs to Licensee. BSDC warrants that the Programs will perform substantially as documented at the time of the execution of this License, provided such Programs are used on the System Configuration according to the operational specifications. BSDC's sole obligation is limited to correcting any defect or replacing the Programs, at its option. This warranty will expire ninety days (90) from the date of shipment of such Programs. 7. General: This License constitutes the entire, full and complete agreement between the parties concerning the License and supersedes all prior agreements and representations between the parties. The terms and conditions of this License shall exclusively govern the license of Programs by BSDC to Licensee notwithstanding language contained in any purchase order or other document. If Licensee chooses not to renew, or fails to comply with any other terms of this License, this License may be terminated by BSDC. 11. **Programs and Fees:** Upon acquisition of the System configuration as indicated elsewhere in this Agreement, Licensee agrees to pay a fixed Initial license fee for the Programs plus an initial license fee for every concurrent user in the initial System Configuration. Payment of the Annual License Renewal Fee is required for the continued use of the programs.

Following the initial acquisition of the System configuration (which include the number of users / ports indicated elsewhere), Licensee agrees to pay a then current license fee for every concurrent user added to the System thereafter to extend this License to each such added user. In addition, to continue this License as indicated in Section 12, an ongoing Annual License Renewal Fee, which is the sum of a per System fee plus a per port fee (for the then total number of ports configured with the System), shall be paid to BSDC beginning on the first anniversary date of installation and every anniversary date thereafter for the duration of this License. The Annual License Renewal Fee may be adjusted from time-to-time by BSDC, however such fee shall be no higher than the then-current fee charged by BSDC on similar Systems under like terms and conditions at the time. In addition to extending the right of use, the above referenced fees entitles Licensee to the maintenance indicated in Section 12.

12. **Annual License Renewal and Maintenance:** In return for payment of the Annual License Renewal Fee, BSDC shall, for the term of this License, provide maintenance in the form of revisions to enable the Programs to perform in accordance with the specifications in effect at the time Licensee executes this License. Revisions shall be made by BSDC through its authorized marketers.

Revisions shall be designated by BSDC in its sole discretion as either mandatory or optional. Licensee may elect to accept or to not accept mandatory revisions. In addition to the licensee fees payable to BSDC Under section 11, Licensee may be required to pay a revision charge to the authorized Marketer for each revision supplied to cover the costs of the media, support logistics and services provided. Should Licensee request modifications or charges in Programs, then BSDC may make such charges but shall charge Licensee for such work on a time and materials basis at a rate mutually agreed upon in advance of the performance of the work. Following such work, BSDC reserves the right to declare that all future BSDC maintenance on Programs will be performed at Licensee's expense.

13. **Support:** Support of BSDC products is available from BSDC re-marketers as well as from BSDC.

14. **Injunctive relief:** Licensee acknowledges that damages alone would not be an adequate remedy hereunder for BSDC, and that breach by Licensee would cause BSDC irreparable harm; therefore, BSDC shall be entitled to seek injunctive relief to enjoin the breach or threatened breach of this License or the disclosure or threatened disclosure of confidential information and/or trade secrets, and BSDC shall have and may cumulatively exercise all rights and remedies as it may have at law or at equity to ensure compliance with the provisions of this License.
